ENVIRONMENTAL COMPLIANCE CALENDAR
 1 MARCH 2000 THROUGH 31 MAY 2000

DATE	LAW(S)	REQUIREMENT
MAR 1	CAA	Existing primer or topcoat application or repainting operations subject to the emission standards for aerospace manufacturing and rework facilities under 40 CFR 63, Subpart GG, and who constructs or reconstructs a spray booth or hangar that does not have the potential to emit 10 tons per year of an individual inorganic hazardous air pollutant or 25 tons per year or more of all inorganic HAP combined, must notify the EPA of any such construction or reconstruction that occurred during 1999; notification must include information specified at 40 CFR 63.5(b)(4) for inorganic HAPs. <i>Federal Register Notice 63 FR 15018; Regulation 40 CFR 63.743(a)(10)</i>
MAR 1	SDWA	Well owner/operators receiving hazardous waste for injection must submit a biennial report (EPA Form 8700-13B) covering facility activities during the previous calendar year, as described in 40 CFR 264.75. <i>Regulation 40 CFR 144.14(c)(6)</i>
MAR 1	RCRA	Generators must submit a biennial report (EPA Form 8700-13B) detailing generator activities during the previous calendar year, as described in 40 CFR 262.41(a)(1)-(8). <i>Regulation 40 CFR 262.41(a)</i>
MAR 1	RCRA	Generators must submit a biennial report (EPA Form 8700-13B) covering waste that has been treated, stored, or disposed of during the previous calendar year in accordance with the provisions of 40 CFR 264, 265, 266, and 270. <i>Regulation 40 CFR 262.41(b)</i>
MAR 1	RCRA	Facilities must submit a biennial report (EPA Form 8700-13B) covering activities during the previous calendar year, as described in 40 CFR 264.75(a)-(j) and 265.75(a)-(j). <i>Regulation 40 CFR 264.75, 265.75, and 270.30(k)(9)</i>
MAR 1	RCRA	Facilities must submit an annual report detailing concentration values based on parameters listed in 40 CFR 265.92(b)(3) for each groundwater monitoring well and the results of the evaluation of groundwater surface elevations under 40 CFR 265.93(f). <i>Regulation 40 CFR 265.94(a)(2)(ii)-(iii)</i>
MAR 1	RCRA	Facilities that monitor groundwater pursuant to 40 CFR 265.93(d)(4) must submit an annual report containing the results of the groundwater quality assessment program. <i>Regulation 40 CFR 265.94(b)(2)</i>
MAR 1	RCRA	Facilities that process or re-refine used oil pursuant to the management standards prescribed under 40 CFR 279, Subpart F, must submit a report on used oil recycling activities conducted during the previous year. <i>Federal Register Notice 57 FR 41598 and 41623; Regulation 40 CFR 279.57(b)(1)-(3)</i>
MAR 1	EPCRA	Facilities subject to 40 CFR 370, Subpart B, must submit an inventory form containing Tier I information on the hazardous chemicals described in 40 CFR 370.20(b)(2) or Tier II information specified in 40 CFR 370.25(b). <i>Regulation 40 CFR 370.20(b)(2) and 370.25(a)</i>

MAR 15	CAA	Submit report on vinyl chloride emission source activities specified under 40 CFR 61.70. <i>Regulation 40 CFR 61.70(a)(1)-(2)</i>
MAR 15	CAA	Sources subject to surface coating emission limitations described under 40 CFR 63, Subpart II, for shipbuilding and ship repair operations must make prescribed volume determinations for affected coatings. <i>Federal Register Notice 60 FR 64339-40; Regulation 40 CFR 63.785(c)(2)(iii)-(vi) and (c)(3)(iv)-(vi)</i>
MAR 15	RCRA	Facilities that store samples of hazardous waste undergoing treatability studies must submit estimates of the number of studies and the amount of waste expected to be used in such studies during the current year, as well as the information detailed in 40 CFR 261.4(f)(9) for the previous year.
MAR 16	CAA	New hospital/medical/infectious waste incinerators for which construction commenced after 20 June 1996 or an existing hospital/medical/infectious waste incinerator for which modification commenced after 16 March 1998 must conduct an annual performance test by this date or by the date one year after the last annual performance test. <i>Federal Register Notice 62 FR 48387; Regulation 40 CFR 60.56c</i>
MAR 18	CAA	Marine tank vessel loading operations described under 40 CFR 63.560(e)(1)(i) that are subject to hazardous air pollutant emission standards set forth under 40 CFR 63, Subpart Y, must conduct an initial performance test in accordance with the procedures outlined under 40 CFR 63.7. <i>Federal Register Notice 60 FR 48409; Regulation 40 CFR 63.563(b)(1)</i>
APR 15	CAA	Sources subject to surface coating emission limitations described under 40 CFR 63, Subpart II, for shipbuilding and ship repair operations must make prescribed volume determinations for affected coatings. <i>Federal Register Notice 60 FR 64339-40; Regulation 40 CFR 63.785(c)(2)(iii)-(vi) and (c)(3)(iv)-(vi)</i>
APR 30	CAA	Units subject to the continuous emission monitoring provisions of the acid rain program must submit the data and information described under 40 CFR 75.64(a)-(c) for the first quarter of 2000. <i>Federal Register Notice 58 FR 3726, 60 FR 26540 and 26569</i>
MAY 1	CAA	Facilities (excluding retail outlets and wholesale purchaser consumer facilities) that sell, offer for sale, dispense, supply, offer for supply, or transport gasoline must comply with summertime reduced Reid vapor pressure standards detailed under 40 CFR 80.27(a)(2). <i>Federal Register Notice 56 FR 64710</i>
MAY 1	CAA	Facilities (excluding retail outlets and wholesale purchaser consumer facilities) located in a geographic area listed under 40 CFR 80.70 that sells, distributes, offers for sale or distribution, dispenses, supplies, offers for supply, stores, transports, or causes the transportation of reformulated gasoline must comply with summertime standards detailed under 40 CFR 80.78(a)(1)(v). <i>Federal Register Notice 59 FR 7856 and 36965</i>
MAY 15	CAA	Sources subject to surface coating emission limitations for shipbuilding and ship repair operations must make prescribed volume determinations for affected coatings. <i>Federal Register Notice 60 FR 64339-40; Regulation 40 CFR 63.785(c)(2)(iii)-(vi) and (c)(3)(iv)-(vi)</i>
MAY 16	CAA	New hospital/medical/infectious waste incinerators for which construction began after 20 June 1996, or an existing incinerators for which modification commenced after 16 March 1998 must submit an annual report containing the information specified under 40 CFR 60.58c(d) on this date or within one year after the last submission of information required under 60.58c(c). Semiannual reporting is required once a unit is subject to CAA Title V permitting requirements or if non-compliance is documented pursuant to 40 CFR 58c(3) through (5). <i>Federal Register Notice 62 FR 48390</i>
